EDUCATION

FullStack Web Development
CareerFoundry

Jan, 2024 - Sept, 2024

- 500+ hours of project-based web development curriculum
- Certificates in FrontEnd and FullStack Development

B.A. in Music Education
Seattle Pacific University

Sept, 2007 - March, 2011

- Graduated Magna Cum Laude
- Certified in teaching General and Choral Music, K-12

SUMMARY

Transformed a decade of experience as a music educator into web development expertise, leveraging strong skills in project management, communication, and analytical thinking. Just as music is mastering a language to create beauty, web development is learning and mastering programming languages to create beautiful and functional apps. Committed to continuous learning and eager to contribute structured creativity to a dynamic web development team.

PROJECTS

Meet App | CareerFoundry
June, 2024

- Developed an event management tool using the TDD, integrating real-time updates with Google Calendar API
- Utilized CRA, Google OAuth 2.0 for authentication, React-Bootstrap for design, and deployed as a PWA
- Delivered an intuitive tool for managing events with real-time updates, dynamic data visualization via Recharts, and offline capabilities

MyMovies App | CareerFoundry
August, 2024

- Created a user-friendly movie database app that allows users to perform CRUD operations
- Custom-built a RESTful API using MongoDB Atlas, implemented JWT authentication, and tested functionality using Postman
- Delivered a functional, visually-appealing app using the MERN stack, with a frontend in both React and Angular

Chat App | CareerFoundry
July, 2024

- Created a semi-customizable mobile app with real-time messaging and multimedia features
- Utilized ExpoGo and React Native, integrated Firebase for real-time data storage, and implemented camera and location features using various libraries
- Successfully delivered a user-friendly chat app with modern functionalities such as real-time messaging and image/location sharing

EXPERIENCE

Music Teacher | Banks, Oregon
Sept, 2022 - June, 2024

- Developed engaging and enjoyable music lessons to achieve music proficiency for diverse student groups
- Directed and organized 25-member choir, facilitating weekly performances
- Successfully created and managed seasonal programs for 125 students
- Consistently met and exceeded goals set by the principal and community, enhancing students' musical skills and enjoyment

Piano Teacher & Accompanist | Spokane | Banks
Sept, 2014 - June, 2024

- Developed and customized lesson plans and teaching methods for 40 piano students to improve piano competency and enjoyment
- Collaborated with musicians and directors to deliver consistently high-quality musical support for various music services several times a week

Tech Support | Banks, Oregon
May, 2024

- Provided tech support for a large-scale local fundraiser with numerous volunteers
- Ensured smooth operation of the fundraising event by effectively supporting volunteers and addressing software-related difficulties
